

Blessing Cup Painting Events

We travel to your site and hold a wonderful, fun, and creative ceramic painting event for your children to design and paint their very own keepsakes. Parents LOVE this concept and the kids LOVE using their chalice at their family celebrations! We have a relaxed and animated teaching style that's fun for the kids, but at the same time, we guide them to create lovely, meaningful artwork on their very own chalice. Blessing Cups are food safe and can go in the dishwasher!
