Art on the Go Atlanta travels to Senior Living facilities to present weekly, monthly or seasonal art programs to enrich the lives of the residents. We've worked with Senior Living groups for over 6 years, with options to engage your seniors and help them create lovely art pieces.

We set up, teach and cleanup. Little work for you!

- Painting bisque pottery pieces, with seasonally interesting pieces for showing off in their apartments or gift-giving.
- Acrylic on canvas paintings that will impress their friends and families, and make beautiful show pieces on an easel or wall.
- Painting wine glasses or drinking glasses that are food safe and can be used daily or as a pretty vases on their tables.
- Create functional and decorative pieces from clay, then paint and decorate them at their next session.
